

Description

NEW ON THE MARKET - comes this beautiful 280 sqm townhouse situated in a sought after area of Siggiewi. This property consists of a marvelous entrance hall with permits already approved for an interconnecting garage. It has the potential to be a 4/5 bedroom house which could be a home for a family or even a potential INVERTMENT to be transformed into a boutique hotel for the right investor. This property has various original architectural features, several arches and a birth room having many possibilities to change the layout or use of space to ones preference. Works had already started having already new water and electricity meters, new drainage connections already in place and a new bathroom installed.

This property is definitely WORTH VIEWING - MUST BE SEEN!!
