

## Description

This very old Townhouse is in the very heart of Senglea, at a walking distance to the seashore and also close to the Basilica, consists of a spacious entrance hall, entering through a gigantic Maltese Antiporta, leading to a sitting/living area, kitchen with an unused well which is found underlying the whole kitchen, 5 bedrooms, with the Master Bedroom having 2 double beds, leading to a traditional wooden closed balcony, a main bathroom and a spare toilet. It features very high ceilings with arches and beams, an old spiral stone staircase and Maltese traditional handmade tiles characteristics. This property is being sold freehold, has own full roof and own airspace. Once converted, it makes a beautiful traditional house.
