

Description

New on the market comes this amazing, unique property over a plot area of approx 500sqm on the outskirts of the village of Mqabba. This property is unconverted and has the potential to be a 7/8 bedroom property with various extra rooms. The property layout consists of having all the rooms surrounding a central courtyard including the 'bieb tar remissa' where one can enter with their car. Connected to both the central courtyard and the backyard is a very large Mill room with several stone arches and other Maltese stone features, This is the heart and soul of the property which would be ideal as the main living and entertainment space.
