

Description

NEW ON THE MARKET comes this grandiose corner Town House in the sought after area of Zurrieq. Located in a UCA area this property benefits from plenty of natural light due to its corner position, high ceiling heights and several original Maltese architectural features. Upon entrance one is greeted with a welcoming entrance hall with two large rooms on its side. One of them has a "bieb tar- remissa"; and therefor has the potential to be converted into a garage and the other could be a nice home office. Also at ground floor one finds a kitchen / dining area, an additional room, a bathroom and a courtyard.

A large Maltese Stone staircase with its original railing leads to the first floor where one finds a very large landing, 3 bedrooms, a bathroom (ensuit) and a small terrace. On the roof level one finds a washroom and a spacious roof with open distant views seeing all the way to the sea on a clear day

This property truly is a rare unique gem and it must be seen to be appropriated!!
