

Description

NEW ON THE MARKET comes this unconverted palazzino in the heart of zurrieq with a very unique facade of over 10m wide and a total footprint area of approx. 338sqm. Upon entrance one finds a very large grand entrance hall that leads onto its central courtyard where all the rooms of the property surround it. The entrance hall as a room on each side (where one of them could be converted into a garage) that lead onto other rooms. At the back side of the property one finds another 3 large rooms and a huge authentic mill room that leads onto the property's garden.

At the 2nd floor one finds another 2 rooms and plenty of space to develop and built further as most of the 2nd roof is currently just roof space.

This is truly a very unique property which comes freehold, with an authentic mill room, a central courtyard, a garden, a private well, a possibility for a garage and several rooms
